If so, the Welfare Reform Bill will target you.

The government want to make us pay for their mistakes. Bankers get billions but they want us to survive on even less.

Hackney Unemployed Workers Group invite you to an event to find out how the changes will affect us, why they're happening and to plan how we can stop them.

Hackney Unemployed Workers Group want justice and respect at the job centre. We want to be treated as people not criminals. We take action to help individuals with their claims; to improve treatment in Hackney job centres; and to stop welfare abolition.

We meet every Thursday at 12pm at Cafe Bohemia under the railway arches by Hackney Central station – come along!
